Review of activities

5. Building an agile, responsive and efficient university operation

UQ is committed to ensuring that our operations and professional services are responsive to the needs of the University, built on a One UQ approach that drives service improvements and creates efficiencies – particularly in the student administration area. Streamlining and automating business processes, and building professional, advisory and technical skills in our workforce are key priorities.

5.1 Proactively build the capacity and capability of our workforce to achieve our strategic goals.

Enhancing UQ policies and procedures

Labili Tu.224 0 ,ja.362 -1 and the Library adopted evidence-based methodologies to review processes and deliver improved services for students and greater strategic value from Library special collections.

A social experiment with a service robot was also trialled in conjunction with a Business, Economics and Law Doctor of Philosophy candidate.

Disclosure and management of interests

Key performance indicators
Agile operations

Improved internal collaboration

Proportion of staff who agree there is good communication across all sections of UQ¹
